Teacher of the Year for WCCTC

Bill Goldman

Bill Goldman was selected Teacher of the Year for the Career & Technology Center. Mr. Goldman taught construction for four years at McComb and thirteen years in Walthall County. He has been involved with many community service projects, including building two Habitat for Humanity homes and accessibility ramps for Camellia Hospice and New Zion Baptist Church. He has an active student organization, SkillsUSA, where his students have competed in district, state, and national competitions. Mr. Goldman also serves as youth minister at New Zion Baptist Church. He is married to Dana Goldman who teaches math at Pine High School. They have two daughters, Michaela and Olivia. We are very proud of his willingness to help others as well as being a mentor to many of the students in Walthall County.
