**SECTION I: ACCOUNTABILITY PERFORMANCE RESULTS**

The Mississippi Statewide Accountability System is a single "A" through "F" school and district accountability system based on the requirements of Mississippi Code 37-17-6 and the federal Elementary and Secondary Education Act of 1965 (ESEA). The accountability system assigns performance classifications based on: (a) student achievement, (b) student growth, (c) graduation rates, (d) participation rate, and (e) other outcome measures (N/A indicates measure is not applicable).

<b>Accountability Grade</b>	<b>Grade</b>

### SECTION III: STATEWIDE ASSESSMENTS English Language Arts

The results below are based upon the Mississippi Academic Assessment Program (MAAP) ELA assessments (including the state's alternate assessment) in grades 3-8 and high school. The MAAP assessment is aligned to the Mississippi College and Career Readiness Standards. The MAAP performance levels were first established in June 2016 based upon statewide data and educator input.

Science**

The below results are based upon The Mississippi Science Test, Second Edition (MST2) and the Biology I test. MST2 is an assessment (including the state's alternate assessment) administered to students in grades 5 and 8 and measures student achievement in science based upon the 2010 Mississippi Science Framework (or Mississippi Extended Science Framework). In high school, the Biology I assessment is a measure of student achievement and is also based on the 2010 Mississippi Science Frameworks.

2015 Results**

The results below are based upon the National Assessment of Educational Progress (NAEP) 2015 scores on subject-matter achievement tests. NAEP does not provide scores for individual students, schools, or school districts. NAEP results are based on representative samples of students in grades 4 and 8. The NAEP is administered every two years (2017 results are not yet available).

The results below are based upon the Mississippi Academic Assessment Program (MAAP) mathematics assessments (including the state's alternate assessment) in grades 3-8 and high school. The MAAP assessment is aligned to the Mississippi College and Career Readiness Standards. The MAAP performance levels were first established in June 2016 based upon statewide data and educator input.

Science**

The below results are based upon The Mississippi Science Test, Second Edition (MST2) and the Biology I test. MST2 is an assessment (including the state's alternate assessment) administered to students in grades 5 and 8 and measures student achievement in science based upon the 2010 Mississippi Science Framework (or Mississippi Extended Science Framework). In high school, the Biology I assessment is a measure of student achievement and is also based on the 2010 Mississippi Science Frameworks.

**SECTION I: ACCOUNTABILITY PERFORMANCE RESULTS**

The Mississippi Statewide Accountability System is a single "A" through "F" school and district accountability system based on the requirements of Mississippi Code 37-17-6 and the federal Elementary and Secondary Education Act of 1965 (ESEA). The accountability system assigns performance classifications based on: (a) student achievement, (b) student growth, (c) graduation rates, (d) participation rate, and (e) other outcome measures (N/A indicates measure is not applicable).

Accountability Grade	Grade
Current Year	D
Prior Year	D

Proficiency in Subject Area	Percent
English-Language Arts	18.7
Mathematics	14.3

Accountability Component	Percent
High School Graduation Rate	N/A

**SECTION II: Teacher Qualifications**

The results below detail the professional qualifications of elementary and secondary school teachers (i.e., the percent highly qualified), the percentage of teachers with emergency or provisional licensure, and the percentage of core academic classes taught by not highly qualified teachers in high-poverty and low-poverty schools.

**SECTION I: ACCOUNTABILITY PERFORMANCE RESULTS**

The Mississippi Statewide Accountability System is a single "A" through "F" school and district accountability system based on the requirements of Mississippi Code 37-17-6 and the federal Elementary and Secondary Education Act of 1965 (ESEA). The accountability system assigns performance classifications based on: (a) student achievement, (b) student growth, (c) graduation rates, (d) participation rate, and (e) other outcome measures (N/A indicates measure is not applicable).

**SECTION III: STATEWIDE ASSESSMENTS  
English Language Arts**

The results below are based upon the Mississippi Academic Assessment Program (MAAP) ELA assessments (including the state's alternate assessment) in grades 3-8 and high school. The MAAP assessment is aligned to the Mississippi College and Career Readiness Standards. The MAAP performance levels were first established in June 2016 based upon statewide data and educator input.

**SECTION III: STATEWIDE ASSESSMENTS  
Science**

The below results are based upon The Mississippi Science Test, Second Edition (MST2) and the Biology I test. MST2 is an assessment (including the state's alternate assessment) administered to students in grades 5 and 8 and measures student achievement in science based upon the 2010 Mississippi Science Framework (or Mississippi Extended Science Framework). In high school, the Biology I assessment is a measure of student achievement and is also based on the 2010 Mississippi Science Frameworks.

The below results are provided to show the number of English learners exempted from statewide testing. ESEA regulations (34 C.F.R. 200.6(b)(4)(i)(A)) affords states the flexibility to exclude English Learners in their first 12 months of schooling in the United States from one administration of the reading/language arts assessment.

**SECTION VI: NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS  
2015 Results**

The results below are based upon the National Assessment of Educational Progress (NAEP) 2015 scores on subject-matter achievement tests. NAEP does not provide scores for individual students, schools, or school districts. NAEP results are based on representative samples of students in grades 4 and 8. The NAEP is administered every two years (2017 results are not yet available).

**SECTION III: STATEWIDE ASSESSMENTS  
Mathematics**

The results below are based upon the Mississippi Academic Assessment Program (MAAP) mathematics assessments (including the state's alternate assessment) in grades 3-8 and high school. The MAAP assessment is aligned to the Mississippi College and Career Readiness Standards. The MAAP performance levels were first established in June 2016 based upon statewide data and educator input.

**SECTION III: STATEWIDE ASSESSMENTS  
Science**

The below results are based upon The Mississippi Science Test, Second Edition (MST2) and the Biology I test. MST2 is an assessment (including the state's alternate assessment) administered to students in grades 5 and 8 and measures student achievement in science based upon the 2010 Mississippi Science Framework (or Mississippi Extended Science Framework). In high school, the Biology I assessment is a measure of student achievement and is also based on the 2010 Mississippi Science Frameworks.

**SECTION IV: STATEWIDE ACHIEVEMENT  
2-Year Trend in Proficiency**

The results below are based upon MAAP assessment results reported in 2017 and 2016 for students scoring Proficient or Advanced (Level 4 or Level 5) in English language arts (ELA), mathematics or science.

Grade-Level	ELA 2017 % Proficient	ELA 2016 % Proficient	Math 2017 % Proficient	Math 2016 % Proficient	Science 2017 % Proficient	Science 2016 % Proficient

**SECTION V: ENGLISH LEARNER EXEMPTION**

The below results are provided to show the number of English learners exempted from statewide testing. ESEA regulations (34 C.F.R. 200.6(b)(4)(i)(A)) affords states the flexibility to exclude English Learners in their first 12 months of schooling in the United States from one administration of the reading/language arts assessment.

**SECTION VI: NATIONAL ASSESSMENT OF EDUCATIONAL PROGRESS  
2015 Results**

The results below are based upon the National Assessment of Educational Progress (NAEP) 2015 scores on subject-matter achievement tests. NAEP does not provide scores for individual students, schools, or school districts. NAEP results are based on representative samples of students in grades 4 and 8. The NAEP is administered every two years (2017 results are not yet available).

## SECTION VII: GRADUATION RATES

The results below are provided to show the percentage of students graduating from high school in four years disaggregated by subpopulations of students. The data below are based upon the 2012-13, Grade 9 student cohort that graduated with a standard diploma during the 2015-16 school year (in other words, all graduation rates are lagged one year).
