

# Mississippi Report Card

The No Child Left Behind Act of 2001 (NCLB) requires each state to use a unified accountability model. School, district, and state report cards that contain the following accountability information must be produced and made available publicly.

No Child  
Left Behind  
2012-2013

## State Accountability Information

Mississippi's unified accountability model has both a state and federal component. The state component is not regulated by the requirements of NCLB resulting in some indicators of success in the state component differing from those in the federal, or NCLB, component. Additionally, in some instances the state and federal model use different measures of the same indicators. For example, NCLB requires the use of a 4-year graduation rate, whereas the state component uses a 5-year graduation rate.

Quality of Distribution Index (QDI): 168

5-Year Graduation Rate: 75.2

High School Completion Index (HSCI): 186.9

Notes: Only districts and schools serving grades 4 or higher are assigned an Accountability Status and Growth.  
Possible Accountability Status: A, B, C, D, F.

## AMO Other Academic Indicators

### Attendance Rate

Graduation Rate	Prior 4-Year	Current 4-Year	5-Year
All Students:	73.7	75.5	75.2
Students with IEPs:	23.1	22.5	23.7

# Teacher Quality

NCLB Measure	Percent	Number percent is based on
Core Teachers Who Are Highly Qualified:	97	22122 FTE Teachers
Teachers with Emergency/Provisional Certification:	1	22122 FTE Teachers
Courses Taught by a Highly Qualified Teacher:	97	125973 Courses
Courses <b>NOT</b> Taught by a Highly Qualified Teacher:	3	125973 Courses
Percentage of Courses in the Highest-Poverty Quartile Schools <b>NOT</b> Taught by a Highly Qualified Teacher:		4
Percentage of Courses in the Lowest-Poverty Quartile Schools <b>NOT</b> Taught by a Highly Qualified Teacher:		2

Teacher and course counts reflect NCLB core academic subjects only. These counts represent the denominators for calculating the percentage values. Teacher counts are based on Full-Time Equivalents (FTE).

## Assessment Participation Rates

While NCLB requires the testing participation rates of the following groups of students to be reported in Reading/Language Arts, Mathematics, and Science, not all subgroups are considered separately when determining adequate yearly progress. Additionally, although NCLB requires the reporting of participation rates for the Science assessment, the results of the Science assessment are NOT used in AMO calculations. For those groups of students used in AMO calculations, NCLB requires that a minimum of 95% of all students in the group must be tested.

Student groups used in AMO calculations	Reading/Language Arts	Mathematics	Science
All Students:	98	98	98

## Exemption of Recently-Arrived Limited English-Proficient Students from State Assessments

NCLB allows for a one-time exemption of language arts and/or mathematics scores for recently-arrived LEP students. A recently arrived LEP student is defined as a LEP student who has attended schools in the United States (not including Puerto Rico) for less than 12 months. (Counts less than 10 students suppressed)

Number of recently-arrived LEP students exempted from state assessments: 0

# National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) provides results on subject-matter achievement. NAEP does not provide scores for individual students, schools, or school districts. NAEP results are based on representative samples of students in grades 4 and 8. The NAEP is administered every two years; the most recent results are reported below.

### 2011 Language Arts Results

Grade	Mean Scale Score		Percent At or Above Basic		Percent At or Above Proficient

# ESEA ANNUAL MEASURABLE OBJECTIVE

The NCLB requires the reporting of the results of a district or school in meeting annual measurable objective (AMO) in Reading/Language Arts and Mathematics by subgroup. The results are shown below. The Achievement Index assigns 1 point for students scoring Proficient and Advanced and a half point for students scoring Basic. The AMOs were established based on student performance in 2011/2012.
